On the matters of Bill Gates and Microsoft corporation,It seems to be a sad day for the United States of America,when the U.S. Government penalizes Microsoft for being enterprising and innovative.Is this not the land of the free?Where you are supposed to have certain rights,including intellectual ones!What Microsoft has done is not illegal,and there only goal was to make the world a smarter and easier place to live and learn in a new way never thought of before.Kudos to Bill Gates and Microsoft!!! Please "Think" before you Judge! Thanks,
